Monthly Review of the Texas Economy—July 2020

COVID-19 Economic Recovery

By Ali Anari

The Texas economy continues to recover from the COVID-19 pandemic. The state's economy lost 696,200 nonagricultural jobs from June 2019 to June 2020, an annual decline of 5.4 percent, smaller than the nation's employment decline of 8.6 percent (Table 1 and Figure 1). The nongovernment sector lost 610,300 jobs, an annual decline of 5.6 percent, also lower than the nation's employment decline of 9.1 percent in the private sector (Table 1). Texas and U.S. annual job loss rates in June 2020 were both smaller than their May rates, making June the second month of economic recovery from the COVID-19 pandemic (Figure 1).

Texas' seasonally adjusted unemployment rate in June 2020 was 8.6 percent, higher than the 3.4 percent in June 2019. The nation's rate increased from 3.7 to 11.1 percent (Table 1).

Texas Employment Percentage Change by Industry

Table 2 shows Texas industries ranked by employment percentage change from June 2019 to June 2020. All Texas industries except financial activities industry had fewer jobs in June 2020 than in June 2019. Annual job loss rates varied from 0.79 percent in transportation, warehousing, and utilities to 23.98 percent in the state's mining and logging industry. Figures 2 to 13 show trends in employment percentage change by industry.

Texas Job Shares by Industry and the Government Sector

Table 3 shows Texas industries and the state's government sector ranked by their shares of Texas jobs in June 2020. Of the 12,080,000 nonagricultural jobs, the highest percentage of jobs was in the government sector followed by trade, professional and business services, education and health services, leisure and hospitality, and manufacturing. Since June 2019, the government sector; trade; professional and business services; education and health services; manufacturing; financial activities; construction; and transportation, warehousing, and utilities have expanded their shares of Texas employment at the expense of leisure and hospitality, other services, mining and logging, and information. Figures 14 to 25 show trends in shares of total Texas jobs by industry.

Contributions of Texas Industries to Texas Employment Percentage Change

The statewide employment percentage change from June 2019 to June 2020 is the weighted average of employment growth or decline rates of all Texas industries for the period. Weights are shares of jobs by industry. The positive or negative contribution of each industry to the statewide employment percentage change is equal to the employment growth or decline rate in that industry multiplied by its share of Texas jobs. Table 4 shows Texas industries and the state's government sector ranked by their contributions to Texas employment percentage change from June 2019 to June 2020. Financial activities was the state's only industry that had a positive contribution. The rest of the state's industries had negative contributions. Figures 26 to 37 show trends in contributions of Texas industries to Texas job growth or decline rates.

Employment Percentage Changes by Texas Metropolitan Areas

All Texas metros had fewer jobs in June 2020 than in June 2019 (Table 5). College-Station-Bryan had the smallest employment decline followed by Waco, Texarkana, Dallas-Plano-Irving, Tyler, Sherman-Denison, Abilene, San Antonio-New Braunfels, Fort Worth-Arlington, and McAllen-Edinburg-Mission. Figures 38 to 63 show trends in annual employment growth or decline rates for the state's metropolitan areas.

Texas Job Shares by Metropolitan Area

Table 6 shows Texas metropolitan areas ranked by their shares of total Texas jobs in June 2020. Houston-The Woodlands-Sugar Land had the largest share of Texas jobs followed by Dallas-Plano-Irving, Austin-Round Rock, Fort Worth-Arlington, San Antonio-New Braunfels, El Paso, and McAllen-Edinburg-Mission. Figures 64 to 89 show trends in metropolitan shares of total Texas jobs.

Contributions of Texas Metropolitan Areas to Texas Employment Percentage Change

The statewide employment percentage change from June 2019 to June 2020 is the weighted average of employment growth or decline rates of all Texas metros for the period. Weights are shares of jobs by area. The positive or negative contribution of each metro to the statewide employment percentage change is equal to the employment growth or decline rate in that area multiplied by its share of Texas jobs. Table 7 shows Texas metros ranked by their contributions to Texas' employment decline from June 2019 to June 2020. Houston-The Woodlands-Sugar Land accounted for the largest percentage of the state's employment decline rate followed by Dallas-Plano-Irving, Austin-Round Rock, Fort Worth-Arlington, San Antonio-New Braunfels, El Paso, and Midland. Figures 90 to 115 show trends in contributions of Texas metros to total Texas job growth rates.

Unemployment Rate by Metropolitan Area

The state's actual unemployment rate in June 2020 was 8.9 percent. Amarillo had the lowest unemployment rate followed by Abilene, College Station-Bryan, Sherman-Denison, Lubbock, Waco, and Wichita Falls (Table 8).

Employment Percentage Changes by Industry in Largest Texas Metropolitan Areas

Table 9 shows annual growth or decline rates of employment by industry in the six largest Texas metropolitan areas from June 2019 to June 2020. The state's leisure and hospitality industry is bearing the brunt of the COVID-19 pandemic in the major metro areas followed by other services and the information industry.

Table 1
Texas and U.S. Labor Markets

NonFarm Employment	June 2020	June 2019	Change	
			Absolute	Percent
Texas	12,080,000	12,776,200	-696,200	-5.4
